

Please complete the following questions and submit via PhORCAS.

Your application will not be considered complete without the supplemental application. Limit the document to no more than two pages.

1. During residency, you are actively participating in various teams. Can you describe a time when working on a team helped you develop as a professional? Can you describe a time when you found it difficult to be on a team?
2. One year of residency equates to three years of clinical experience. Through this extensive training, residents are prepared to practice in a multitude of clinical settings. In your pursuit of residency, what is one misconception related to residency that you wish to educate others about?
3. What is not captured in your PhORCAS/supplemental application that you wish for us to know?
