

EMORY UNIVERSITY HOSPITAL DIETETIC INTERNSHIP MASTER'S DEGREE ATTESTATION

Per the 2024 ACEND Guidelines, a master's degree will be required for eligibility to sit for the RD exam. The Emory University Hospital Dietetic Internship will accept students who have completed a master's degree or whose anticipated master's degree completion date is within 57 weeks of the start of the internship.

If your master's degree is in progress, please answer the following questions:

1. How many credit hours are required for completion of your degree?

2. How many credit hours have you completed toward your master's degree?

3. What is the date of your anticipated completion (month, year) of the master's degree?

In addition to answering the questions above, please upload a copy of your graduate degree transcripts to DICAS.

Please provide the contact information below (mandatory):

Student Name: _____

Student Email Address: _____

Student Phone Number: _____

Program Director/Advisor Name: _____

Program Director/Advisor Email Address: _____
