Certification:

Answer
Yes

1. Was your hospital allowed to retain 100% of the DSH payment it received for this DSH year? Matching the federal share with an IGT/CPE is not a basis for answering this question "no". If your hospital was not allowed to retain 100% of its DSH payments, please explain what circumstances were present that prevented the hospital from retaining its payments.

Explanation for "No" answers:

Other Protested Item: "New Hampshire Hospital Association v. Azar". We protest the inclusion of Commercial and Medicare payments for Dual Eligibles toward the Hospitals Specific Limit for Medicaid DSH and the payment calculation reduction of Uncompensated Care Cost.

The following certification is to be completed by the hospital's CEO or CFO:

I hereby certify that the information in Sections A, B, C, D, E, F, G, H, I, J, K and L of the DSH Survey files are true and accurate to the best of our ability, and supported by the financial and other records of the hospital. All Medicaid eligible patients, including those who have private insurance coverage, have been reported on the DSH survey regardless of whether the hospital received payment on the claim. I understand that this information will be used to determine the Medicaid program's compliance with federal Disproportionate Share Hospital (DSH) eligibility and payment provisions. Detailed support exists for all amounts reported in the survey. These records will be retained for a period of not less than 5 years following the due date of the survey, and will be made available for inspection when requested.
